

This is a detailed cadastral map of a rural area, likely in Hungary, showing land parcels, roads, and administrative boundaries. The map is divided into several numbered regions (1-7) and contains numerous numerical data points for each parcel, including area and volume. The map is oriented with North at the top.

The map features several numbered regions (1-7) and numerous numerical data points for each parcel, including area and volume. The map is oriented with North at the top.

Key features include:

- Regions:** The map is divided into several numbered regions (1-7) by thick black lines.
- Parcel Data:** Each parcel is labeled with a number and a set of numerical data, including area and volume. For example, parcel 1 has an area of 0.8241 and a volume of 0.2464.
- Administrative Boundaries:** The map shows administrative boundaries, including the boundaries of the municipalities of Szentmiklós and Szentmiklós.
- Topography:** The map shows the topography of the area, including fields, forests, and roads.
- Infrastructure:** The map shows the infrastructure of the area, including roads, railways, and water bodies.

The map is a detailed and accurate representation of the land parcels and administrative boundaries in the area.
